THE FIRST QUESTIONS

- The applicant (of this form) authorizes InternetLearning or its nominee to draw the relevant amount(s) from the given Bank Account. A reference of "MathMec" will show on the clients' bank statements. The applicant confirms that all the details are correct.
- Copyright of all material belongs to its respective owners, and all rights are reserved. Duplication or reselling of any Intellectual Property without authorization is strictly forbidden.
- InternetLearning reserves the right to make changes to the way in which products or services are offered.
- Mathematics, specifically, is not a learning subject, but a field in which development (and practice) is necessary. The learners should be brain fit.
This implies that it is not sufficient to try and learn skills shortly before tests and exams, and it is expected that a learner will be busy with the material on offer on a regular basis. This condition also extends to the fact that InternetLearning cannot make promises as to how quickly any questions will be answered, but all questions are welcome and explanations will be offered as fast and as far possible.
- It is the recommendation of InternetLearning that learners should stay busy with the online material even during holidays. The undersigned agrees to understanding the importance thereof.
- The applicant to this form consent to any charges that may accrue due to non-payment or rejected debit-orders to be drawn from this account, alternatively to arrange for payment thereof with any debt-collector that InternetLearning may opt to appoint for this purpose.
- Confirmation of Application and Instruction to Debit
 - This form is considered to be a binding instruction for the Application to InternetLearning or its nominees (MATHmechanic), as well as the Debit Order instruction..
- Subscription to InternetLearning is until end December 2022, unless agreed to by the MATHmechanic for early cancellation, and then with a minimum 30 calendar day notice period.
